

POLICIES AND PROCEDURES
Rendez-Doodles & Moyen Poodles
Karla's Pet Rendezvous

All KPR-MD breeding stock will at a minimum have been cleared either by OFA or Penn hip, will have passed vWB & SA(parental or generational) & DM & PRCD/PRA as well as heart clearances testing and Eye Certifications & clearances. On top of those tests they are and will always be up to date on all vaccines, & parasite free. We guarantee our puppies. See PURCHASE & SALE agreement for our health guarantee. Our guarantee stipulates your commitment to proper NUTRITION.

We are a small breeder and only expect to have 5-6 litters per year. All KPR puppies will be socialized with other dogs and humans of all ages. They will be familiar with the activities of a happy family. Each puppy will be placed with a family that he/she will be a good fit. We will guide & help place puppies in homes with families that have never trained/owned a dog before. Temperament testing will have been done to provide you with the puppy that would best fit into your family. They will go home sometime around 8 weeks of age. *We will charge our regular boarding rates for those owners that cannot pick up when the pups are ready to go.

A \$500.00 (\$515 PayPal) deposit is required to be placed on our wait list. People are placed in the order their deposit and application are received, and approved. The deposit will then be deducted from the final price of pup. Two hundred dollars of the deposit is nonrefundable, unless I cannot provide you with a puppy that meets your family's needs. I will call when I have received your application to go over together, and let you know if you are approved, and what possible litters are coming up to best meet your timeline. We will determine at that time when you can expect a pup.

Following is a list of what is standard with all of our puppies. They will be current on all vaccinations, and deworming up to 8 weeks of age. They will be well socialized and held often. They must be micro chipped. They must be spayed/neutered. Purchaser will supply all shipping fees, if shipped. Blanket with moms and siblings scent on it will be provided for all puppies shipped. We will be offering a seminar on nutrition, feeding, supplies needed, grooming, and training. We will provide copies of vaccination records as well as copies of parents' health tests, where requested. Registration of parents provided, and pedigree available upon request, and puppy registration application will be made available at 7 months when proof of spay/neuter has been provided to me.

Please be advised: Pups require a lot of time and work. Acquiring a puppy is a huge commitment and should be thought out completely. I feel it is important that you know we expect our pups to go to homes where they come first, while in the training stage of life, and it is our hope that these puppies will provide you with years of love, & you both live a long & happy life together. (Approximately 15 years for your new pet) We expect their new

owners to take the pup to kindergarten & obedience school and spend the time reinforcing it at home. We want our pups to work out for you for the long term and feel that training will help ensure this. This little guy/girl will be a loving member of your family and bring you amazing joy for years to come. I take pride in my dogs and want the best for them and their new families. We will hold your hand(s) until you are able to “walk alone” with training & care for your new puppy. We have an online e-mail support group, moderated by our trainer, Wendy, to help you and your puppy’s littermate’s progress together.

Thank you for taking the time to read my policies.

Feel free to call with any questions.
