**RESULTS:**

Based upon the exam dated 10/25/2014, this dog has been found to be free of significant observable inherited eye disease and has been issued an Eye Certification Registry Number which is valid for one year from the time of the exam. The following breeder option codes were noted:

A3: DISTICHIASIS

Breeder Options are clinical observations that may be inherited but do not represent current potential compromise of ocular comfort, vision or other ocular functions.

Print, you are looking at a Conditional Pedigree from the American Kennel Club. A pedigree contains a great deal of information, and abbreviations are an unfortunate necessity. On this sheet you will find the meaning of the abbreviations used in a pedigree. All abbreviations in a pedigree were taken outside the AKC, unless indicated otherwise. If you are unable to find an abbreviation in this list, please contact the American Kennel Club at 1200 New York Avenue, N.W., Washington, D.C. 20004. Web site: [www.akc.org](http://www.akc.org). We hope that you will find this information helpful. If you have any questions, please contact the American Kennel Club at 1200 New York Avenue, N.W., Washington, D.C. 20004. ### Abbreviations Used for Breeds

The following list shows the abbreviations used for dog breeds. Some breeds are indicated in the beginning of a dog's name, and others are indicated after the dog's name. Note that the abbreviations in this list are only for breeds that are registered with the American Kennel Club. Some breeds are not registered with the AKC.

### Abbreviations Used for OFA and CERF Certifications

**NOTE:** Certifications may not appear in the 3rd and 4th generations due to space limitations. Certification by the Orthopedic Foundation for Animals ("OFA") for hips is shown as follows: "OFA" (age in months when certified), "grade" where the grade is either "G" or "F" respectively. Note that the grade may be absent if the dog passed but the grade is unavailable or unpublished. Certification by OFA for elbows is shown as follows: "OFA" (age in months when certified), "grade" where the grade is either "G" or "F" respectively. Note that the grade may be absent if the dog passed but the grade is unavailable or unpublished. Certification by the Canine Eye Registry Foundation ("CERF") is shown as follows: "CERF" (age in months when certified). Note that this certification is only good for one calendar year.

### Abbreviations Used for Genetic Information

Information that a dog is genetically clear of a disease is shown as follows:

"DNA follows" (name of disease).  
Example: DNA (PRA-RC) follows the absence of rod-cone dysplasia (RC) DNA. For form of PRA affecting British Shorthairs.

### Abbreviations Used for Countries

The following list shows the abbreviations used for countries in which a boxer dog originated and which appear in parentheses after the dog's name. Note that length of other non-AKC country registry is established in numbers, as shown for the only, if those numbers are on file with the AKC.

### Abbreviations Used for Colors and Markings

The following partial list shows the abbreviations used for colors and markings (for a complete list visit [www.akc.org/registration/colors/markings.cfm](http://www.akc.org/registration/colors/markings.cfm)). Note that due to space limitations, abbreviations for compound colors such as "Salt and Pepper" or "Red Merle" are not shown; instead, you will need to find the abbreviations for each color in the compound color to discover what the abbreviation means. Also colors of foreign registered dogs are not given on the Conditional Pedigree.
