

Things to do to get ready for your new Puppy

1-Remind you to go to the “Our Puppy Promise” page of the website, and print to read everything there! This will help you at the seminar as there is much too much to absorb. You cannot possibly retain everything, and I will not be reading all the paperwork I give you in your folders, only referring to them & explain what they are (handouts)

2-Also you can get your food, and nutrients purchased there (I recommend the autoship for both NuVet Nutritional Powder as well as the Lifes Abundance kibble & canned meat) I will go into detail at the seminar about Nutrition, as it is a passion for me, with my dogs and the “humans” in my life.

3-You will want to have Vitamin E tabs in your home (100mg) as well as Organic whole milk yogurt-you can purchase a bed-but everything else please wait until I have gone over the supplies I have there for you-

I will show you the “best” brush, comb, collar & lead (training) chews, toys, etc with explanations as to why...

4-As you know we set visit days at my home (238 Highland Park Rd, Fryeburg, ME) or my daughters home (127 Main St. Fryeburg) & puppy picks & Exit Seminar are held at Karla’s Pet Rendezvous (1513 Chocorua Mtn Hwy, Conway, NH. or Mile Marker 74 on Rt 16, GPS may not work so call 603-447-3435 if there are directional questions)

5- I ask that you confirm the time I have set with you, in e-mail & text correspondence- if you have not yet- and if you are unavailable to drive to meet and choose your pup, that is fine- we will use that time slot to do visits & picks over the phone with FaceTime, & or videos. We have so many from distances that we will do over the phone- Please respond to me to let me know if you are able to make it during your time slot- (and know that if you cannot it will affect everyone behind you:-)

Puppy Visit Day will be typically on a weekend day after the pups are beyond four to five weeks old. (at our homes) we cannot decide a puppy visit day until the puppies are born for obvious reasons

Puppy Pick Day is after temperament testing and before the Exit seminar-Sat usually-at Karla’s Pet Rendezvous typically -this is mandatory & you MUST be available at the time slot you are in- in order to get the pick of the pups in the order of sequence-this can be done through FaceTime -& over the phone as well- many plan to stay in the area for an overnight as the Exit Seminar is the

following day- from 10 am-2pm-so make early reservations through the MT WASHINGTON VALLEY CHAMBER OF COMMERCE- if this is your choice-

5-Exit Seminar is written in stone on the Sunday after the Exit Seminar from 10am to 2pm-stay the weekend if you are from afar! Go to MWV Chamber of Commerce to see what lodging is available to you. Bring a snack or have a late breakfast-we will go through the lunch hour. Parent with kids- know they may be bored with paperwork part- (parental & puppy health and everything in your folder) AT THE EXIT SEMINAR WE HAVE ALL THE PUPPY SUPPLIES YOU WILL NEED- EXCEPT A BED-this is part of the seminar it will help you make the right decisions for food & nutrients, best brush, comb, collar & lead for training class, crate, as well as chews for teething & crate training -lots to see & come home with!

6-Please find the Purchase & Sale Agreement (Under health guarantee) for you to peruse, as well as Exit Seminar details...and more.

Warmly,

Karla Schwarz
